10 Allée Evariste Galois, 63000 Clermont-Ferrand, France
academy@tailordev.fr // +33.616992443

Target audience

Curious people willing a gentle introduction to (front-end) web development.

Goals

Create a beautiful landing page for your project, company, laboratory, [you name it]. That means:

- Learn the basics of HTML5
- Make things pretty with CSS3
- Design dynamic pages with a bit of JavaScript (jQuery and pure JS)
- Learn to use a front-end framework like [Twitter Bootstrap](#) (4)

Prerequisites

It is advised to be comfortable with Git, but it is not mandatory. You can read the [Git 101](#) training session material to get ready prior to this session.

Training plan

Day 1

- A non boring introduction to `<html />`
- Make beautiful and dynamic pages with CSS
- Setup a front-end stack (NodeJS/npm/Bootstrap)
- Introduction to CSS pre-processors with [Sass](#)
- Responsive web design (mobile first)

Day 2

- A short introduction to JavaScript
- Setup continuous integration/deployment for your page
- Deploy a GitLab/GitHub page

Pricing for information purposes only (per attendee*)

800 € HT

* = as part of an inter-company training (scheduled by TailorDev Academy). From 3 employees of a same company/entity, it is more interesting to organize an intra-company training. Please get in touch with us!
